OSRAM

BATTERYjumpstart 1000TI

Powerful lithium-ion jump starter with boost function
Jump-start 12V vehicles with petrol engines up to 5 liters and diesel engines up to 3 liters, even when the battery is completely depleted

Integrated cordless tyre inflator
Check and inflate tyres on the go with the auto-stop tyre inflator

Powerful work light
LED torch enables use in dark conditions with a bright white light with included red blink and SOS functions

Power on the go
15V cigarette lighter socket and integrated USB power bank

Efficient jump-starting for 12V vehicles with built-in tyre inflator

Be ready for various situations on the road with the OSRAM BATTERYjumpstart 1000TI.

This compact, multi-functional device includes five useful tools in one, providing essential support in emergencies. Its powerful jump-start feature is capable of bringing 12V vehicles back to life, including petrol engines up to 5 liters and diesel engines up to 3 liters. Even if your battery is completely depleted, the boost function provides the extra power needed to get you moving.

Need to keep your tyres in check? The built-in tyre inflator features a digital pressure gauge and auto stop function for easy, accurate inflation. The 12V socket lets you power a

range of devices via the cigarette lighter, while the USB power bank ensures you can charge your phone or other gadgets wherever you are.

For added safety and convenience, the OSRAM BATTERYjumpstart 1000TI includes a powerful torch to illuminate dark workspaces. In case of emergencies, the red blinking light and SOS mode ensure you're visible and can signal for help when needed.

Stay powered, safe, and ready for the road with the OSRAM BATTERYjumpstart 1000TI – your all-in-one companion for any roadside challenge.

Product family datasheet

Technical data

Product description	Product information			
	Application (Category and Product specific)	**Inflation time**	**Recommended Petrol Engine size (up to)**	**Recommended Diesel Engine size (up to)**
BATTERYjumpstart 1000TI	Lithium Starter & Tyre Inflator	13 Inch Tyre: 0-35 PSI/2.4 BAR in 3.5 min	5 l	3 l

Product description	General Product Information	Electrical Data	Physical Attributes & Dimensions	
	Global order reference	**Boost-Function (start batteries from 0V)**	**Length**	**Width**
BATTERYjumpstart 1000TI	OJS020TI	Yes	115.0 mm	54.0 mm

Product description	Height	Environmental & Regulatory Information Information according Art. 33 of EU Regulation (EC) 1907/2006 (REACh)		
		Candidate list substance 1	**CAS No. of substance 1**	**Safe use instruction**
BATTERYjumpstart 1000TI	191.0 mm	Lead	7439-92-1	The identification of the Candidate List substance is sufficient to allow safe use of the article.

Product description	Declaration no. in SCIP database
BATTERYjumpstart 1000TI	71ad732d-61b0-475f-a9df-5fafc30d8e2f
